Join the **King City Library**, as thousands of libraries throughout the country host special gaming events in celebration of National Gaming Day @ your library.

King City Library has Mastermind, Scrabble, Chess, Checkers, Battleship, and Eureka! If you have a different board game you'd like to play, bring it. Set up in the meeting room and play with family or friends or challenge someone new.

The computer room will be open to online game playing. Players can discuss gaming, move from computer to computer, bunch up around computers, and generally game from 10 am – 5 pm. All you need is your library card.
