Subject: “Tot Lot” at City Park Temporarily Closed for Repairs

The City of King will temporarily close the “Tot Lot” at City Park from Monday, September 20, 2021 to Friday, October 8, 2021 for repairs. This playground is geared towards children ages two to five-years of age and is located on the corner of South San Lorenzo and Division Street near the Salinas Valley Fairgrounds.

City staff and contractors will be removing and replacing the “pour-n-play” rubberized surface located underneath the play structure. This surface prevents injury by providing a safe surface where a child can land, if they fall.

Other King City playgrounds with features designed for younger children can be found at Forden Park on Canal Street and Rio Vista Drive and the Pocket Park, located at Beech.and King Streets.
